FEATURED MODEL

Hello everyone, my name is Amber Hope. I'm 24 and I live in Novara. I've been working as a photomodel for 5 years and since September I've also started working as an influencer. Years ago, I started to take the genres Beauty and Casual ... then as I worked in the sector I started to collaborate with lingerie editorials, for photographic exhibitions of nude for sculptors. And from there I began to know these new genres. Glamour is a style that I immediately felt I could mix my sensual side, being cheeky and a little mischievous without ever being vulgar. So it was then that I made this my principle genre, which allowed me to collaborate with other magazines, both in Italy and abroad! I am a very determined and precise solar girl who is trying to carve out a place in the world in this field of work. My aesthetic side that I like best is my side B [laughs] ... say both perfect and the most sensual part, but I also particularly like my eyes. I thank the photographer Loris Gonfiotti for this photo shoot, and you too ... it is a pleasure to be published in your editorial and I hope soon to come soon to visit your amazing country, and why not even have a way to work on it, I would move tomorrow to abroad! Hi everyone, good vision, Amber Hope

How and when did you start working as a model?

At the age of 14/15 years. I went to accompany a classmate to a casting, and I was noticed so they asked me if I wanted to participate and from there it all started.

How do you see your work in a future perspective, and can you tell us something that you have experienced and that has particularly struck you in your current job?

In my work, something always strikes me. It is always a novelty, always an adventure. As a future perspective, I do not know, I have not made any idea. I start with steps smaller and closer to what I live on a daily basis. Then you will see what the future holds for me.

Have you ever been famous, even if only for a few moments?

Yes, sure.

Any hobbies or interests you would like to talk about?

I have a hobby that I keep a bit 'hidden, that I have never deepened ... designing clothes (I have to perfect the obvious design). I have a very rich creativity to create the clothes of my dreams on a white sheet.

Are you a worldly girl or a shy and introverted girl? What could be your ideal evening / night?

Absolutely worldly, of course there are situations where I can be shy. In the end I am human, I feel natural sensations based on the experience I experience. My ideal evening with my partner? I do not know, maybe in a nice place with good music and food.

Are you currently engaged? If so, tell us about your partner and the kind of attraction you feel for him.

Yes, we live together. For him I feel a strong attraction, he is the first man ever to fall in love with. I like everything about him physically. Characteristically, there is still work to be done [laughs]. For the rest, it is a person who is good for the heart.

What is your ultimate sexual fantasy?

Secret.

Do you want to add more to your fans?

Yes, I would like to thank all the people who are there for me, who follow me, who are active and give me that little virtual support

Juliet was born in London England. Her ancestry is primarily British on her Mother's side and French on her Father's side. Her name Juliet, comes from the Shakespeare play. Even though she has lived in the States for 15 years, she retains her sexy British accent.

She began modeling and dancing at a very young age. The first big bands she danced for was Oasis and Pet Shop Boys on British Television.

Her grace and beauty in front of the camera can be traced back to her formal training from such prodigious institutions as the Royal Academy of Dancing and Hadley Wood School of Dance in London. Her passion, skills and commitment led to a ballet scholarship at West Sussex University.

You will not find anyone more well-rounded and experienced as Juliet. She has been the president of a bank, she completed two years of training to become a licensed massage therapist, she has been a runway and print model for numerous companies such as Aveda and Goldwell ... but most importantly, she has always followed her passions with all of her energy.

Juliet is proving to other women that you can do anything if you believe in yourself. She has a big heart and connects with others with a sincere peace and presence.

Immediately after devoting herself to modeling she has experienced a deluge of support from fans all over the world. She works hard every day to energize her fans. She started promoting herself on Instagram in July and today has organically grown her fan base to over 85,000.

Most recently Juliet has appeared on the cover of Playboy Spain, Muscle & Fitness Hers, FHM South Africa, Playboy Africa, Lifestyle and BADD Magazine. Pictorials include Playboy Slovakia, Playboy Australia, and FHM Sweden.
